EXPERIENCE

Research Assistant Intern - Biophilic Design Institute

July 2025 - Dec 2025

- Explored peer-reviewed research using university databases (JSTOR, EBSCOhost) in order to verify claims in evidence-based professional certification curriculum.
- Compiled reports with recommendations for updating organizational messaging based on recent research findings.

Student Orientation, Advising, and Registration Peer Advisor - UW-Madison

May 2025 - Aug 2025

- Collaborated with a team of peer tutors to assess individual student needs, communicate requirements, and develop tailored class schedules for first year, transfer, and international students.
- Communicated with students using motivational interviewing techniques to connect with students and help them feel welcomed at UW-Madison.

RESEARCH

Madison's Invisible Ceiling: An Analysis of Height Restriction and Housing Density

Sep 2025 - May 2026

- Designed and executed an independent research project under mentorship from Prof. Christopher Timmins, analyzing the impact of building height restrictions on housing density patterns.
- Applied multiple regression and regression discontinuity analyses using Census and American Community Survey data in R and ArcGIS.
- Published in undergraduate journals *The Urbanist* and *Equilibrium*; presented at the UW-Madison Undergraduate Research Symposium.

AP Capstone - Chess and Asymmetric Conflict

Sep 2023 - May 2024

- Designed and conducted an empirical study testing whether unconventional strategies increase upset probability in asymmetric chess matches using over 500,000 chess games from a dataset of 96 million.
- Conducted hypothesis tests in Python (statsmodels), finding evidence contrary to prior literature on asymmetric conflict.

VOLUNTEERING

Student Representative - Associated Students of Madison

Sep 2025 - May 2026

- Represented the Associated Students of Madison on the Student Transportation Board, Campus Transportation Committee, and RFP Selection Committees for the Park & Ride and Accessible Shuttle programs.
- Collaborated with university faculty and academic staff through shared governance in order to inform policy regarding the student bus pass, motorized and non-motorized transportation, and parking on campus.

ACT Tutor - Aim High Madison

Feb 2025 - Mar 2025

- Led group tutoring sessions for underprivileged high school students in the Madison area.
- Worked closely with peer tutors and students to coordinate tutoring schedules and implement strategies for improving academic performance in challenging subjects.

Peer Tutor - Wauwatosa West High School

Sep 2022 - May 2024

- Led one-on-one and group tutoring sessions for students in college-level classes such as AP Chemistry, AP Calculus BC, AP Statistics, and AP Physics C: Mechanics.
